

Department of Civil, Environmental and Geomatics Engineering (CEGE) within the College of Engineering and Computer Science at Florida Atlantic University invites nominations and applications for multiple tenured/tenure-track faculty positions beginning August, 2014. The appointments are anticipated at the rank of Assistant or Associate Professor. The Department has started strategic cluster hires in areas of critical national concerns such as resiliency and sustainability of environmental resources, energy alternatives, transportation systems, and the built infrastructure. Candidates are primarily sought in the interdisciplinary areas of Geomatics/Transportation Engineering, Water resources/Environmental Engineering, and Structural/Geotechnical Engineering. The intellectual depth, interdisciplinary expertise, creativity and promise of the candidate are of higher priority than his/her specific areas of research. Candidates must hold a Ph.D. degree in Civil Engineering, Geomatics Engineering, Environmental Engineering or a closely related field at the time of application. Commensurate with the appointment rank, candidates should have demonstrated strong interests in interdisciplinary and cross-cutting research; records of excellent scholarship, outstanding teaching, and professional leadership; and experience with securing and managing externally-funded research. The successful candidate will be expected to teach both undergraduate and graduate courses, supervise graduate students, and participate in the Department, College and University service activities. Professional engineer's and/or surveyor's license or the ability to become licensed, as well as relevant industry experience, are highly desirable attributes. Review of applications will begin immediately and will continue until the positions are filled. To apply, please visit the FAU employment opportunity Web page (<https://jobs.fau.edu>), refer to position 978824, and submit the following items: (i) A cover letter; (ii) Curriculum vitae; (iii) Teaching and research philosophy; (iv) Names, email addresses and phone numbers of at least four professional references; and (v) Copies of official transcripts scanned into an electronic format. A background check will be required for the candidate selected for this position. Florida Atlantic University is an Equal Opportunity/Equal Access Institution. We are committed to a diverse faculty and seek individuals who have experience in teaching and working with a variety of communities. Inquiries regarding the positions should be addressed to Dr. Khaled Sobhan ([ksobhan@fau.edu](mailto:ksobhan@fau.edu)), chair of the search committee. Individuals with disabilities requiring accommodation, please call 561-297-3057. TTY/TDD 561-955-8771.
