

for Abstr acts

June 22-24, 2015
5TH INTERNATIONAL SYMPOSIUM ON
HIGHWAY GEOMETRIC DESIGN
Vancouver, Canada

Safe and Efficient Design for the 21st Century

Organized by:

- ◆ **Transportation Research Board (TRB)**
Committees on: Geometric Design (AFB10), and
Operational Effects of Geometrics (AHB65)
- ◆ **Transoft Solutions, Inc.**
- ◆ **University of British Columbia**

*Submit your abstracts for consideration. For each abstract selected, the author(s) will prepare and submit a paper **in advance** of the Symposium.*

*The topic of your abstract must be related to either urban or rural **roadway geometric design** research or practice, which may include but is not limited to the following topics.*

- Access Management
- Accommodating all users: Bicyclists, Disabled, Pedestrians, or Vulnerable users
- Accommodating/Incorporating all (motor) vehicles: Buses, Light Rail, RVs, Trucks
- Active Traffic Management impacts on design
- Alignment and/or Cross Section
- Context Sensitive Solutions
- Design Consistency
- Driveways
- Design Effects on Operations and Safety
- Human Factors consideration in design
- Interchanges and Freeways
- Intersections: Traditional, Roundabouts, Innovative
- Integrating traffic control devices with design
- Performance Based Design
- Public and Stakeholder involvement
- Roadside Safety design
- Safety Management supporting road design
- Sight Distance
- Simulation and Visualization
- Speed and Speed Management
- Sustainable Design
- Toll Facilities
- Urban street design
- Work Zone design

The Symposium **presentation modes** include:

- Poster: Show your **project** or **concept** with pictures, a model, or computer graphics.
- Podium: Write and present a paper, based on a concept or project. Note that some papers will be selected for poster sessions.
- Workshop: Present a hands-on session related to an aspect of geometric design.

Submit abstracts by 30 April 2014 as PDF document.

► Each submitted abstract must be in English, must fit on one page, and must include:

- name, address, phone number, email for corresponding author;
- general topic of the abstract (example: "Transit Facilities");
- indicate whether this abstract is for a project -- or -- technical/research topic;
- abstract – not to exceed 250 words.

Also, **if** your presentation is suitable **only** as either a "poster" or as a "workshop", then state which one.

► **Name your abstract file as follows:** 2015 ISHGD Surname - one or two words describing the topic (example: "2015 ISHGD Smith - transit facilities")

Submit abstracts to: dmcDonald@hanson-inc.com with the **subject line:** 2015 ISHGD Surname

We look forward to receiving your abstracts and seeing you in beautiful Vancouver in 2015!

Additional information on the Symposium is available at <http://www.ishgd2015.net/>.

Previous International Symposia were held in
1995-Boston, USA; 2000-Mainz, Germany; 2005-Chicago, USA; and 2010-Valencia, Spain.
