

	FRIDAY 18/11/2016	SATURDAY 19/11/2016	SUNDAY 20/11/2016	MONDAY 21/11/2016	TUESDAY 22/11/2016	WEDNESDAY 23/11/2016	THURSDAY 24/11/2016
	MOTORWAY CONSTRUCTION PROJECTS	ROAD ALIGNMENT AND GEOTECHNICS	MUSEUMS	BRIDGES	TUNNELS	MOTORWAY OPERATIONS, PAVEMENTS AND SAFETY	WORKPLACE VISIT
9:00 - 10:00	Registration	Road alignment, earthworks and environment Rosa Arce Ruiz Professor, University of Madrid	Guided visit to the Archaeological Museum	Construction methods for bridges Ch. Polyzos Civil Engineer, "Egnatia Odos S.A."	NATM tunnelling method for motorways S. Lekkas Senior Geologist, RDI Engineering	Motorway pavements and asphalt courses A. Nikolaides Ph.D. Professor, Aristotle University of Thessaloniki (AUTH)	MOTORWAY UNDER CONSTRUCTION
10:00 - 11:00	Welcome Address	Road cuttings and cut slopes E. Sakoumpenta Civil Engineer M.Sc., "Egnatia Odos S.A."	Guided visit to the Byzantine Culture Museum	Bridge the gap using a realistic value engineering approach Th. Tzaveas Senior Design Engineer- Major Structures Lead Ashghal, PWA,Qatar	Tunnelling in limestone formations M. Stathopoulos M.Sc. Geologist, Site Engineer, Ind. Engineer, Ionia Motorway	Traffic safety on motorways F. Kehagia Ph.D., Assistant Professor, Aristotle University of Thessaloniki (AUTH)	
11:00 - 11:30	Coffee Break	Coffee Break		Coffee Break	Coffee Break	Coffee Break	
11:30 - 12:30	Challenges and prospects of road engineering G. Tsohos Professor, Aristotle University of Thessaloniki (AUTH)	Numerical analysis and design of geotechnical structures Lidija Zdravcovic Ph.D. Professor, Imperial College of London		Suspended bridges: Rio Bridge TBA, "Vinci S.A."	Rational tunnelling in squeezing rock D. Kolymbas Professor Dr., Division of Geotechnical and Tunnel Engineering, University of Innsbruck	The strategy for road infrastructure development in recession times S. Lambropoulos Professor, National Technical University of Athens	
12:30 - 13:30	Experiences from managing quality of highway projects in Greece Y. Vakalis, Ph.D. Civil Engineer, Project Manager, Ind. Engineer of Concession Projects	Landsides and stabilization measures M. Skempas Ph.D. Geotechnical Engineer, World Bank Consultant		Bridges on prestressed box beams A. Tsoros Civil Engineer, AUTH	Motorway tunnels with non-reinforced concrete lining K. Koukaliaroglou Civil Engineer, Geotechnical Engineer	Operations on peri-urban motorway B. Halkias CEO, Transportation Engineer, "Attikes Diadromes"	
13:30-14:30	Motorway concession projects S. Pentheroudakis CEO Concessionaire "Nea Odos"	Design and construction of reinforced embankments A. Ritsos Civil Engineer N.T.U.A., Geotechnical Engineer "Edafomichaniki S.A."		Motorway construction projects in Middle East A. Angelidakis Dep. Project Manager, Ind. Engineer, Central Greece Motorway	"Cut and cover" and "Cover and cut" techniques in road engineering A. Mouratidis Dr. Ing. Professor, Aristotle University of Thessaloniki (AUTH)	Award of Certificates of Attendance	
14:30 - 15:30	Lunch Break	Lunch Break		Lunch Break	Lunch Break	Lunch Break
